

42, Plymouth Road, Penarth - CF64 3DH

Penarth

£550,000

42, Plymouth Road

Penarth

We are delighted to offer for sale a beautiful piece of real estate ideally located in a coveted position on one of Penarth's most prestigious roads. This large extended period property is set over three floors, and requires full renovation and completion of works which were commenced some years ago, but which could not be completed due to ill health. The family are now willing to offer for sale to a willing buyer who can complete the works sympathetically in order to restore the property to its former glory.

Interior access is restrictive due to some sections of floor and ceiling having been removed, or become unsafe. Access to the first floor is limited and via ladder only, due to the main staircase having been removed.

Once renovated, this lovely property would make a handsome family home, however there is scope to divide the space into stunning apartments, subject to the necessary planning consent. The property also has ample driveway parking.

Enquiries are invited through the Isla Alexander web portal or via telephone.

Tenure: Freehold

- Stunning Period 5-6 Bed Property
- Development Potential
- Requires Restoration
